OTHERFILM & TAPE PROJECTS PRESENT ROTARY FLASH

FEATURING

BRUCE MCCLURE (NEW YORK, USA)

Violently, beautifully stroboscopic 16mm extravaganza probing the spatial & sensual boundaries of space & prolonging the pleasure of the film projector. Fresh from recent performances at Whitney Biennale, Toronto Film Festival and New York's *Views from the Avant-Garde*. One of the worlds leading exponents of performed cinema.

ABJECT LEADER AND FRIENDS (BRISBANE)

16mm abstract landscape portraiture pushed through empty frames; psycho-acoustic mind-massaging photochemical exotica. Recent performances at Open Frame, Liquid Architecture, Auckland Film Festival and many more.

TARAB (MELBOURNE)

Discarded things, found things, junk, dirt, the ground, rocks, dust, wind & walking aimlessly.

SUMU SIVANESAN & ROB CURGENVEN (SYDNEY/ NT)

Beat the room like a hairdryer and moan like a wounded whale. Aural gratification, depraved signal submission, air pressure pleasure & pain.
